Myra/Christy, will the labs be able to support our next field effort?
thanks

Subject: Wilcox - sample estimates--request for laboratory support

Christy/Myra, we are planning another sampling event out at Wilcox during March 2018 timeframe for one week only. I wanted to provide an early update on what we are planning to see if there is laboratory space and support available. Even if all of the samples cannot be accepted, any assistance we can get would be most appreciated.
Thank you for your review.

Soils: 11 locations/4 samples per location
3 VOCs (limited number)
44 metals (mercury plus cyanide)
44 SVOCs
44 PAH SIM
